PROFESSIONAL SUMMARY

Channy Lim has over a year of experience in web development and previously worked in finance administration before transitioning her career to tech. She has completed her studies at the Apple Developer Academy and specializes in building responsive and dynamic web applications using modern front-end technologies. Currently, she is working part-time as a React JS Developer for **Coppamagz**, one of the biggest K-pop news portals in Indonesia, helping build a website for their community. Channy is proficient in ReactJS, WordPress, Webflow, Swift, and native Apple frameworks, bringing valuable experience from the marketing and hospitality industries.

EXPERIENCE

Coppamagz

ReactJS Developer (*Part Time*)

Dec 2024 – Present

Remote, Indonesia

- Developing and maintaining a React TypeScript web application for one of Indonesia's largest K-pop news portals, enhancing the online community experience.
- Implementing Redux Toolkit for state management, ensuring efficient data flow and improved performance.
- Building responsive and dynamic UI components to provide a seamless user experience across devices.
- Optimizing website performance by applying best practices in React and frontend development.
- Collaborating with designers and content teams to align the website with the brand's vision and user expectations.

Apple Developer Academy

iOS Developer (*Internship*)

Mar 2024 – Dec 2024

Batam, Indonesia

- Successfully pushed 3 apps to TestFlight in 1 iteration, and 2 of those apps to the App Store in 1 iteration.
- Developed 5 iOS applications using SwiftUI, focusing on building pixel-perfect, user-friendly interfaces for diverse mobile projects.
- Utilized frameworks like SwiftUI, AVFoundation, ARKit, GameplayKit, WebKit, and Speech to build feature-rich apps, selecting the best tools for each task.
- Programmed interactive game mechanics using Unity and GameplayKit, creating smooth and engaging gameplay experiences.
- Conducted research to understand user needs and preferences, refining app designs and features to enhance user engagement and experience.
- Collaborated with fellow developers using Scrum methodology, applying best practices in coding, teamwork, and project management to deliver high-quality outcomes.

Reson8 Asia

Junior Web Developer (*Contract*)

Jun 2023 – Jun 2024

Batam, Indonesia

- Developed and maintained 5 websites, including news platforms and company profile sites, over the course of a year using Webflow, WordPress, and ReactJS. Ensured high-quality performance, functionality, and user experience.
- Identified and resolved bugs to ensure all websites were bug-free and fully optimized for production use.
- Utilized performance optimization tools such as Google Lighthouse and WebPageTest to analyze and enhance site speed, accessibility, and overall performance, achieving improvements of approximately 20% to 50%.
- Implemented SEO best practices using tools like Google Analytics, Google Search Console, and Yoast SEO to monitor performance, identify improvement opportunities, and achieve page 1 rankings for targeted keywords.
- Developed backend APIs using Node.js and MongoDB.
- Consumed both custom-built APIs and external APIs using Axios to integrate data into web applications.
- Developed responsive web pages to ensure optimal user experience across devices.
- Addressed security concerns for websites, implementing solutions to protect against XSS attacks.

Glints

Sep 2021 – Jan 2022

Front End Development Bootcamp Participant (*Apprenticeship*)

Remote, Indonesia

- Developed foundational front-end web development skills, including HTML, CSS, JavaScript, API integration, and advanced technologies such as React, Redux, Axios, SASS, and Tailwind.
- Led a cross-functional team of front-end, back-end, and mobile developers in an agile environment to build web applications aimed at improving user experience and functionality. Enhanced team collaboration and development processes through strong leadership and communication.
- Served as Scrum Master and Front-End Developer for a four-week project, facilitating cross-functional collaboration and ensuring the adoption of agile best practices across front-end, back-end, and mobile teams.

PT Lintas Buana Tour & Travel

Oct 2018 – Aug 2021

Admin Accounting (*Contract*)

Batam, Indonesia

- Prepared and managed Sales Reports to track revenue and business performance.
- Conducted Bank Reconciliations to ensure accurate financial records and compliance.
- Managed Petty Cash transactions, ensuring proper documentation and allocation.
- Maintained and updated Physical Cash In/Out Reports to monitor cash flow.
- Generated Accounts Receivable Reports to track outstanding payments and ensure timely collections.
- Managed Accounts Payable Reports to ensure timely payments to vendors and service providers.
